

Replacement and Agenda

Meeting starts 8:37 am

Present:

Libby Shaw, Michael Murphy, Chad Grodi, Danielle Grossi

Seats:

1. Yael Diamond (District A Summer and Permanent)
 - a. Her experience, she believes that she can bring her experience to the summer A position, she wants to bring the opportunities from the city of Gainesville via senate outreach. She works with the Alachua county supervisor of elections to get more people involved and vote in their local elections.
 - b. Idea within your constituency would include joint events such as a food market to learn about healthy food options and have a “kick-back” night at Hippo downtown.
2. Benjamin Elazar (District A Summer)
 - a. I want to be a senator because ever since I have been interested in working in government, now I want to get involved in our general government. It does a great job in mirroring the overall government, UF's student government mirrors that. He would like to serve as a representative.
 - b. I do not know everything about this process, however I think that there is a huge imperfection at Sw 9th street stop sign, there is a huge danger to the current geographic set up. If given the opportunity I would try to make all of this effectively work.
3. Eric AmRein (District B Summer and Permanent)
 - a. Trevor inspired him to be more involved with student government, he was currently an assistant director for personnel and he was able to learn more about SG from FBK. Trevor inspired him to get more involved with this and from within DM. He was inspired by his career.
 - b. Brought an idea sheet. He believes that campus safety should increase on lighting of the overall area. He also believes that safety at midtown is very important by increasing UFPD or utilizing crossing guards. He would like to work with SNAP to establish a pick-up system for this. Scooter parking can always be improved. Increase communication with constituency via list serv. He would advocate for the increase of funding for Rec Sports.
4. Jake Barrett (Summer C Sophomore)
 - a. All throughout his life he has wanted to be a leader, a senate position would provide him with that opportunity.
 - b. One of his ideas include creating an umbrella system, this is via personal experience; this would help increase the students comfort.
 - c. He was previously an area leaders so this helped him get comfortable with the position.
5. Mary Degal (Permanent A and Summer Sophomore)

- a. Third generation gator, she likes to see how her family is connected to the University of Florida, she wants to make that lasting impact.
 - b. Her focus is going to be on safety, for example by the tunnel there isn't much lighting; she would like to increase the blue lights and lampposts to increase security. She also thinks that the crosswalk on 13th is very important to utilize. A large focus would be that normal library doesn't open till near 2 pm; so possibly, expanding the hours would be helpful.
 - c. Currently involved in DM, this organization has instilled teamwork and respect amongst others. She also knows what it is like to work for something bigger than yourself. She has learned a lot of confidence, she is an innovation academy ambassador; she is used to being on that platform as serving as a face of a program.
6. Sam Ellis (District D Summer and Permanent)
- a. As an out of state student he feels as if now he has had an opportunity to meet the students and such.
 - b. His work experience was at a business firm back home, this demanded success and focus. As a tele-communications, major he believes his strengths are tied to that.
 - c. As someone using the UF Wifi they need to go off the tab and authenticate, so their Wifi isn't efficient due to the internet connection that is accessible.
7. Anthony Emmet (District D)
- a. As an out of state gator he wasn't sure about the process here; within his fraternity he was able to get involved like his peers.
 - b. His ideas are focused around safety; this includes increasing lighting and implementing more blue lights around Midtown. He would like to implement a "citybike" process that has been seen at Auburn University; this can greatly help to reduce the overall cost. This process can be used to mirror Auburn University. Implement a Wells Fargo banking system near midtown; this fee is not convenient for the Bank of America.
8. Arielle Gregory (Summer C Infinity)
- a. She attended a few senate meetings, she participated in a few elections; she realized she wanted to be a valuable guest for this.
 - b. She would like to implement a few sexual assault guideline process; this would be a prevalent issue for a lot of students.
 - c. Her past experiences that would help would include as an intern for the honors office; she has also been a counselor. She is the admin of a comedy page, in doing that she is able to deal with conflict resolution.
9. Sara Henley (District B Permanent)
- a. She came to uf for political science, then she worked for the senate. She never had the time to commit to senate; she has an interest in public policy and helping the senate.

- b. She would like to increase the policy ideas to help with logistical ideas; she has worked in many fast pace environments.
 - c. She is interested as a member of the Graham center; in doing so she was able to organize Campus conversations. She has now been on the planning committee for future of Florida summit; her role won so they will developing, environmental policy for Florida.
- 10. Jessica Jesurjan (District D)
 - a. Here at the University of FL, we have 50,000 students. She would like to make an impact to help to create a universal role in order to bridge the connection between the student government and student body. There was the false impression given at Preview to increase the accessibility of that. There is really poor lighting in the area. This would include increasing the overall crosswalks. She would like to raise more student government awareness and she would like to increase the overall awareness, she would work in the college senators with their initiatives.
 - b. Her prior experience established in high school as the treasurer or HOSA. She was junior class VP; she was the director for a collegiate dance competition.
- 11. Reis Spicer (District B) *
 - a. He wants to be in senate because he believes that he is a leader; he would like to turn ideas into actions. He was lucky to be a part of multiple organizations on campus. He has been able to acquire skills to benefit his future career.
 - b. Ideas to implement, he wants to not be a standard member, so I realized that I have noticed is that the involvement culture on campus is impressive, but there is a disconnect with the organizations. As part of the big event they did tabling but with no idea of what the organizations are more transparent. He wants to work with Gator Connect to become much clearer. The Big Event was on it, but DM was super limited as well he would like to refine and promote this resource.
- 12. Arnon Khanatawang (Graduate Summer C)
 - a. He was a senator; and he feels like right now as a grad student they don't have a lot of voice, he knows how senators and stuff work. As an experienced member he thinks his voice id different.
 - b. Grad students, roles say that you can't hold positions during as an assistant or such they feel as if there is a lot of work that you can do; many grad students in the college didn't go to UF in undergrad. He wants to get the grad students more involved.
- 13. Sam Weingart (Yulee Summer C)
 - a. A lot of his involvement has been cultivated around having an itch to get back into student government; he wants to serve the student body again. He really wants to give back to the student body

- b. Any ideas; none that are concrete. He wants to be able to give a voice to a lot of the students, he wants to be a beacon of information to those around him.
 - c. His prior experience, he was able to serve as second vice president and president of his high school. He was able to be part of the captain for DM and has gained a lot of experience via GOT.
14. Arezou Sadoughi (Graduate)
- a. She does care about the gator nation and believes that she has the leadership potential to get people into this position. She realized that she is responsible. She is part of a community, this includes being a leader in movements. She serves as the VP of the Iranians student association. She thinks that it's important to help them find themselves as part of the possibilities for all of the gator nation. She has first knowledge, of this necessary thoughts and groups.
 - b. Things that she would like to see includes the transportation that are getting on to the busses, students at the school is doing a service, but it is not supportive. From 7-9 the busses are really full. The demand for grad housing on campus is higher than supply. They are seeking out a reliable health care for graduate students. Sports is very important, but there are not graduate seats in the stadiums. There are no special seats for that. We do care about the environment this is our home, without a use of plastic cups being used and wasted.
15. Fraleigh Krause (District A Permanent)
- a. This past year I was in senate, as a freshman I wasn't sure what I wanted to do or what my role would be at the university. I dove into everything to figure out where I belong, in the fall I didn't really, I know.
 - b. This trip is geopolitical
 - c. Her ideas include to bridge the gap between the two parties within senate, this can be done so efficiently within district senators. She wants to further her involvement within senate to partner with other groups on campus this. She wants to work with the city commission because the city commission is foreign for many senators who want to complete their constituency.
16. Kenneth Pitt (District B Permanent)
- a. He went to Guatemala throughout the time, he knew that he got involved such as a fraternity, he did a lot of different things. He was wondering what his legacy would be. This is the stuff he loves, he feels as if he could add to that.
 - b. District B is north of campus but a primary focal point is the parking situation and commuter opportunities of it. There is no parking opportunities especially with commuter parking.
 - c. Prior experience such as baseball experience, he ranged with a lot of professional players, he was able to learn many lessons from this. He had a lot of work ethic from driving back and forth to ATL. This is

applicable due to the lessons he needs in his life, this drive is applicable to anything. When you are a pitcher you can't have any double in your mind. When he was working harder he was able to realize his work paid off. Lead a research team that was funded by the US department of defense, he also was founding Delta Sig. He was also able to start his own business.

17. Kris Sivakamaran (District D)

- a. He believes that District D's demographic is heavily Asian and he feels he can produce that connection, as a previous member of cabinet he understands how student government functions. He wants to connect to all of those who live around him.
- b. During final season, he hopes to figure out how to make bussing and transportation work during finals season and strange hours. As an engineer he has a program to extend the software that is able to be utilized outside of UF's wifi.

18. Daniella Rosello (District D permanent and Summer)

- a. She is really involved within the University of Florida. She thinks that affecting policy level at the University of Florida.
- b. She is passionate about serving as a part of the innovation academy to reach out to those who are part of the innovation academy because their opportunities should equal those of the traditional learning students.
- c. She wants to incorporate people by celebrating all of the cultures to incorporate everyone together with that.

19. Nicholas LaPietra (District A)

- a. His friend motivated him to apply for this position, he wants everyone to have equal opportunity.
- b. He has been the exec of his fraternity, he has had to make choices and run his fraternity, he is the director of a non-profit organizations out of Miami, in this he has been able to have interviews and meetings with prominent figures in the Miami Dade area.
- c. No specific ideas.
